Chocolate mini bars – the latest delicious addition to Summerdown Mint’s range of peppermint products

Summerdown Mint has brought a new addition to its range of award-winning peppermint products – chocolate mini bars.

Inspired by the resounding success of our chocolate peppermint creams, we have just introduced these delicious chocolate mini bars. Made with our distinctive, single-estate English peppermint oil, they offer the same combination of cool, creamy fondant centre and rich dark chocolate as our peppermint creams, but in a slim, bite-size oblong. And there are more in the box to share around.

Each 200g box (RRP £4.99) contains 18 of these slimmer shaped chocolates.

Over the last 15 years, Summerdown has reintroduced traditional Black Mitcham peppermint to this country, relearning lost farming skills and combining them with the latest technology at our farm in the foothills of the Hampshire downs.

What we have developed is a pure English peppermint oil, which we’ve used as the basis for all our peppermint products to produce a taste that has been lost for generations. Bright, fresh and aromatic, it is very different from the harsher, blended, imported peppermint of the past 60 years.

Our other products include the award-winning chocolate peppermint creams and chocolate mint thins. And, of course, there’s also our English peppermint tea – the two star gold winner in the Great Taste Awards 2009 and 2011. See our website for details.
