June 2010

Chocolate mint thins – the latest delicious addition to Summerdown Pure Mint’s range of peppermint products

Summerdown Pure Mint has a new addition to its range of award-winning peppermint products – chocolate mint thins.

Inside each stylishly elegant box you’ll find 20 delicious discs of rich dark chocolate exquisitely flavoured with our pure English peppermint oil, grown and distilled on our farm in Hampshire.

Shiny bright and delicately thin, they snap with a satisfying crack and melt in the mouth to release the cool, lingering taste of Summerdown pure mint. They’re perfect with after-dinner coffee, with Summerdown peppermint tea – or to indulge in on their own.

Over the last decade, Summerdown has reintroduced traditional Black Mitcham peppermint to this country, relearning lost farming skills from America and combining them with the latest technology at our farm in the foothills of the Hampshire downs.

What we have developed is a rare, single estate peppermint oil, which we’ve used as the basis for all our peppermint products to produce a taste that has been lost for generations. Bright, fresh and aromatic, it is very different from the harsher, blended, imported peppermint of the past 60 years.

Our other chocolates are award-winning chocolate peppermint creams and chocolate mint crisps. And, of course, there’s also our English peppermint tea – the two star gold winner in the Great Taste Awards 2009. See our website for a full product list.
