Quality Ingredients

We all appreciate good quality, flavourful ingredients that help us to achieve professional results with minimal effort. With this in mind Uncle Roy has just added Smokey Herby Salt to his Gourmet Salt collection, and it's sure to be a winner! These products contain indispensable, serious ingredients and are not just jars of salt with a sprinkle of bits to look pretty on

the shelf. All of the varieties - Wild Garlic, Scotch Bonnet Chilli, Heather, Spruce, Smokey Scotch Whisky - are great garnished, ground or blended into all sorts of dishes. The cold oak smoke process ensures that the new mixed herb variety, with Ground Bay, Sage, Thyme and Rosemary blended with smoked coarse sea salt, adds loads of flavour with a delicate smokey touch. It is particularly good on roast vegetables, joints, grilled fish and in soups and stews.

In Mint Condition

Summerdown has launched a new addition to its range of award-winning peppermint products – Chocolate Mint Thins. Over the last decade, Summerdown has reintroduced traditional Black Mitcham peppermint to this country, relearning lost farming skills from America and combining them with the latest technology at its farm in the foothills of the Hampshire downs. When the mint fields have been harvested, the leaves are taken to their purpose-built distillery. The result is a rare single estate peppermint oil, with consistent quality and a soft, lingering taste. It has a cooler, more intense flavour and scent than other imported varieties. This pure English peppermint oil is what gives Summerdown's mint chocolates their unusual taste. This new stylishly elegant box of Chocolate Mint Thins contains 20 delicately thin discs of delicious rich dark peppermint chocolate - perfect with coffee after dinner. Summerdown also produce an award-winning English Peppermint Tea.

Award-winning Crisps

Scotch Bonnet Chilli Pepper is the latest new flavour in Mackie's range of thick cut potato crisps. In 2009 Mackie's ice cream brand extended into the ambient snack market and Mackie's crisps recently won the top "Product of the Year" award at Scottish Food and Drink Excellence Awards 2010.

"We know that flavours with a Scottish twist are popular; because Haggis & Cracked Black Pepper is our best selling flavour. So, when we wanted a chilli based flavour, Scotch Bonnet peppers were the perfect choice because they provide both a fiery hot taste and a link to our Scottish heritage," explains Kirstin Mackie,

managing director of Mackie's crisp operation. Mackie's crisps are available in & Vinegar, Mature Cheddar & Onion, Cherry Tomato & Herbs, Flame Grilled & Cracked Black Pepper and new Scotch Bonnet Chilli Pepper.
